

Welcome to my monthly Partnership Funded PCSO report for July 2019

UPDATES:

This month's report is fairly short due to having a much quieter summer period than anticipated which is fantastic for us! The 6 week school holidays no doubt often see an increase in ASB, however both Rushmere St Andrew and Kesgrave have not appeared to have suffered over this period. Crime figures remain low and upon patrols I'm simply just not seeing anything of concern which is great news to report back to our community to reassure them that both parishes are remaining a safe place to work and live.

RUSHMERE HEATH –

The Heath has remained quiet, I have had no reports from the public and no youths have been caught acting in an anti social manner.

ANTI SOCIAL USE OF MOPEDS IN THE KESGRAVE AREA. –

I am pleased to report that since identifying 3 of the most prolific offenders for this and visiting home addresses to speak to them directly giving strong words of advice this matter has significantly decreased and I have had no further reports from the public of the summer period.

POLICE ADVICE AND GUIDANCE

As you know I am always happy to give advice and guidance where I can. If it is something that I cannot give an immediate answer too, then I am obviously ideally placed to seek advice from other professionals. Members of the public wanting advice on many police-related matters can be signposted to the Suffolk Constabulary website advice page at <https://www.suffolk.police.uk/advice>
